

## **Lucas Dietterle, P.E.**

Lucas graduated with a Bachelor of Science degree in Civil Engineering from South Dakota State University. He is Sr. Estimator/Project Manager for Horizontal Boring & Tunneling Co.

Lucas formerly worked for Kiewit Infrastructure Co., Kiewit Underground Division as an Estimating Manager / Senior Estimator, for Kiewit Engineering Co. as a Senior Engineer / Estimator, and for Kiewit Mining Group as Engineering Manager / Project Engineer / Foreman / Mine Engineer I & II.

Lucas said, "I am pleased to be considered as a candidate for the NUCA of Nebraska Contractor Director position. Being given this opportunity to serve would allow me to grow both personally and professionally, as well as build a network of contractors and industry professionals to work alongside in the years to come. Working for Horizontal Boring and Tunneling Co. these past four (4) years has taught me the right way to do business within the industry and now being given the opportunity to represent them on this board would be an honor."

"I know these opportunities do not present themselves all too often and being given the opportunity to represent Horizontal Boring and Tunneling Co. on this board, I would welcome the opportunity. I am hopeful with my current and past experiences; I can bring a unique perspective to the board and add value along the way."
