

Wade Garren: I have 13 years of professional experience in the utility distribution and site utility contractors industry, where he has successfully managed projects, built strong relationships, and contributed to the advancement of industry standards. Throughout my career, I have developed skills in project management, team leadership and navigating the complexities of utility infrastructure development, ensuring quality and efficiency in every endeavor.

Wade said, “I am eager to serve on the NUCA of Nebraska Board of Directors to advocate for our industry, share insights gained from over a decade of hands-on experience, and help shape policies and initiatives that promote growth and innovation. By contributing to NUCA’s mission, I hope to support the professional development of members and strengthen Nebraska’s utility and infrastructure sector.”
